

## NNS Debuts Safety Song Video, “I Wanna Be Safe”

In December, Newport News Shipbuilding produced the music video for **Derek Wilson**’s winning safety song, “I Wanna Be Safe.” Shot at the shipyard, the video highlights shipbuilders from USS *Enterprise* (CVN 65), *Gerald R. Ford* (CVN 78) and the submarine program. The song’s messages remind shipbuilders of the importance of safety at NNS and helps to set the tone for the New Year.

“Filming the video was a lot of fun,” said Wilson. “I never thought I would be able to use my outside talents inside the yard. I hope that doing the song and making the video help people to watch out for their safety and the safety of others.”

Shipbuilders onboard *Enterprise* previewed the music video at an all-hands meeting Jan. 12.

“It’s awesome to see the energy and enthusiasm going into the most important aspect of what we do here – taking care of each other,” said CVN 65 Program Director **Dave Long**. “Having the ability to have fun with it makes it that much more likely to help us to continue to improve our safety culture.”

### SSN 795 to Bear the Name Hyman G. Rickover

The Navy noted the 60th anniversary of its first nuclear-powered submarine by naming future *Virginia*-class submarine SSN 795 after Adm. Hyman G. Rickover. The announcement was made by U.S. Secretary of the Navy Ray Mabus in Washington D.C. Jan. 9. SSN 795 will be the second submarine named after Rickover. The first was SSN 709, a *Los Angeles*-class nuclear-powered submarine. Turn to p. 8 to view a photo of the naming ceremony.

Pictured: *Los Angeles*-class submarine SSN 709 also bore the name Hyman G. Rickover. SSN 709 was inactivated on Dec. 14, 2006. U.S. Navy photo

## Inaugural Cohort Completes The A-School's Frontline FAST Program

On Dec. 15, The Apprentice School hosted a ceremony for 23 apprentices who completed the 16-month Frontline FAST (Foreman Accelerated Skills Training) cohort.

Frontline FAST is The Apprentice School's premier leadership development program and uses a blended approach of craft competencies, leadership practices and coaching to develop high-performing apprentices for frontline supervisor positions.

During the ceremony, X33 Trade Director **Jim Copp** said, "It's exciting for me to look around this room and see apprentices who have clearly communicated their intention to utilize what they have learned and make a difference on the frontline."

A foundational strength of the program is the support and interactive involvement of waterfront management. X31 Trade Director **Dave Batdorf** encouraged Frontline FAST participants to remember that their patience, continued focus on their development and commitment to apply what they learned through the program to their daily routine will serve them well as they continue to develop their leadership skills. The program's goal is

Craft Instructor **Brittanie Herriott** (O43E), **Matthew Miller** (X31), Craft Instructor **Matthew Gular** (X33C), **Marquis Ellsworth** (X42), **Randy Brown** (X15), **Daniel Boda** (X31), **John Thompson** (X11), **Justin Brock** (X36), **Ryan Sparks** (X11), **James Conti** (X31), **Bryan Cole** (X18), **Cameron Moore** (X42), **Corey Carden** (X42), **Ebony Green** (X33I), **Seth Schlosser** (X43), and **Dale Blankenship Jr.** (X32). Not pictured: **Steven Clark** (X42), **Joseph Cole** (X31), **Jacob Denson** (X42), **Brian Laine II** (X43), and **Norman Pulliam Jr.** (X43).

to prepare apprentices to be ready to perform well as they pursue their ambitions of being a supervisor.

Frontline FAST is a highly competitive program and selections are made at or near the end of apprentices' second year of a registered apprenticeship at The Apprentice School. To be considered for selection, apprentices must have a minimum shop grade average of 88, a minimum GPA of 2.5 for World Class Shipbuilder and Trade Related Education Courses and above average attendance and exemplary conduct.

## Pink Hard Hats are Still Available for Purchase

Pink, shipyard-approved hard hats are available for purchase in most tool rooms around the shipyard. The hard hats are \$10 and can only be purchased through payroll deduction.

## Learn About Careers at KSO

Newport News Shipbuilding Talent Acquisition is actively hiring for numerous career opportunities at the Knolls Atomic Power Laboratory Kesselring Site (KSO) in West Milton, New York.

KSO is a Department of Energy (DOE) facility managed by Bechtel Marine Propulsion (BMPC) where U.S. Navy sailors are trained and qualified to operate nuclear powered ships. NNS was awarded the contract to provide maintenance services to the two nuclear reactor prototypes onsite in 2011. Currently, 175 NNS full-time salary and represented trades employees support KSO.

New career opportunities are available for: financial analysts, construction foremen, engineers, nuclear quality inspectors, production planners and safety professionals.

To search current openings visit [www.buildyourcareer.com](http://www.buildyourcareer.com) and search by the location "Ballston Spa, NY." Relocation assistance may be available for some positions.

For employees interested in learning more, information sessions will be held at 2:30 p.m. and 4:30 p.m. in Bldg. 520-6 (James River Room) on Jan. 29. Human Resources representatives and current employees from KSO will be in attendance to answer questions regarding these opportunities. Registration is not required, however employees must use personal time or flex with management approval to attend. Visit the HR Operations and Talent Acquisition website for more

## Design NNS' Water Station for the One City Marathon

NNS is looking for teams of shipbuilders that want to work together to design a shipyard-themed water station at mile marker 24 for the March 15 One City Marathon. The water station will have about five, six foot tables. The winning team will set up its water station along the marathon course on race day. Entries will be accepted through Jan. 30. The top five proposals will be voted on in a public poll. All work must be completed on personal time. Teams are encouraged to submit drawings, proposals or anything else that will help the judges make a decision. View the entry form. Submit entries to **Jeremy Bustin** (O29) in Bldg. 520-1 by Jan. 30.

## AROUND THE YARD

### Is Your Team in ShipSHAPE?

Join HealthWaves' 60-day Team Weight-Loss Challenge, ShipSHAPE, to improve your team's fitness, nutrition and overall wellness. Each team will compete against other teams in weekly challenges to earn points for a chance to win raffle prizes. Teams should consist of 3-5 employees and have a team name. Register for the program on the HealthWaves website on Yardnet or during baseline measurements, Jan. 20-23. For more information or for questions, contact **Emily McCarley**, HealthWaves, at 380-4578.

### Are You a Mentor at a School with a Robotics Team?

Career Pathways is working to capture all Newport News Shipbuilding employees who are currently participating in schools that have robotics teams. Employees who are current mentors or have mentored in the past are encouraged to complete a survey by Friday, Jan. 16. This survey will help Career Pathways determine if there are gaps in supporting our local schools with STEM (science, technology, engineering and math) related activities. Career Pathways values the hard work of volunteers and wants to continue to support STEM activities in the schools.

### Teladoc: Have You Had A Positive Experience?

HII's Corporate Communications team is looking for testimonials from employees who have used Teladoc. Employees who have had a positive experience with Teladoc and are open to giving feedback about their experience are encouraged to send an email to [BeWell@hii-co.com](mailto:BeWell@hii-co.com).

As a reminder, shipbuilders should only use the Teladoc service on personal time.

Awardees pictured (L to R): Mitch Bryant, Jacob Ballard, Mathew Wicke, Alma Price, Jason "Tugboat" Stark, Eden Jones, William Callis, Charles "Bo" Davis, and Nicholas Murray.

### Foreman Complete FQS Proficiency Board

Thirteen foremen completed the Foremen Qualification Standards (FQS) Proficiency Board held in November in the Management Development Center. FQS is a tool used by general foremen to mentor foremen so they can attain proficiency in common areas of leadership and management. An FQS Guide, which is presented to new foremen when they attend Enhancing Personal Leadership (EPL) for new supervisors, is used by their general foremen to track progress and establish a framework for successful performance.

General foremen recommend their foremen to appear before the Proficiency Board after they have attained proficiency on all of the tasks in the FQS Guide. The FQS Board evaluates the foreman's knowledge by asking questions about how they implement the desired behaviors on the job. The FQS process, including completing all of the tasks in the FQS Guide and successfully appearing before the board, is rigorous, and requires a significant investment in time from the foreman and general Foreman. All foremen who successfully completed the board are recognized with a coin and hard hat sticker. Three hundred foremen are currently enrolled in FQS. Fifty- seven have completed the entire process to date.

The November 2014 Foremen awardees and their General Foremen are: **Mark Twine** (X82/x43) mentored by **Jerry Snow**; **Alma Price** (X70/X11) mentored by **James Uzzle**; **William Callis** (X88/X42) mentored by **Roy Ethington**; **Eden Jones** (O53) mentored by **George Boone**; **Charles "Bo" Davis** (XM30/X42) mentored by **Frank Wanderer**; **Jason Stark** and **Steven "Chewby" McDonald** (X88/X42) mentored by **Kenny Brooks**; **Mathew Wicke** (X10/X18) mentored by **Mike Hailey**; **Nicholas Murray** (X70/X42) mentored by **Mark Gratton**; **Council Pickett** (M40/X32) mentored by **Tim House**; **Mitch Bryant** (O64/X42) mentored by **John Norris**; **Quinton "Q" Bethea**, and **Jacob Ballard** (X70/X42) mentored by **Rick Couteret**.

### Congratulations to On-The-Spot Ethics Award Winners

Listed below are the most recent winners of the On-The-Spot Ethics Recognition Program Award. The purpose of the program is for employees to recognize other employees who demonstrate ownership of company values and high standards of ethical behavior in their every day work activities.

Congratulations to the following: **Katrina Ruffin** (O46), **William Byrum** (O46), **Brenda Chapman** (O46), **Stephanie King** (O44), **Clarence Square III** (X33), **Mark Stumpo** (E83), **Lynn Blasso** (O96), **Michael J. Wallace** (E81), **Teresa Vanhook** (O46) and **William Milstead** (X36).

### Take Office Services "Libraries" Online Survey

The Office Services (O14) Specification and Technical Libraries serve thousands of employees each year. The libraries are busy planning for enhancements and changes in 2015. Shipbuilders are encouraged to take a five-minute survey to help O14 better serve employee needs.
