

NNS to Celebrate 130th Anniversary

On Thursday, Jan. 28, Newport News Shipbuilding will celebrate its 130th anniversary. Throughout 2016, the Communications Division will publish historical material, articles, photographs, videos and fun facts to celebrate the milestone.

A new webpage dedicated to the 130th anniversary will also contain congratulatory messages from local and state representatives, as well as businesses and Navy leaders and popular figures to highlight the shipyard's contribution to the Hampton Roads community, Virginia, and the United States. Visit the nns.huntingtongalls.com website starting on Thursday.

Each month, Currents will feature photos and stories of various departments and areas from around the yard. If you have a story you would like to share, or a department or area of the yard that you would like to see featured, send an email to Communications@hii-nns.com with the information.

I am not
JUST A NUMBER.

About Face

Rethink what you think.

“When people look at me, they may see just another kid off of the streets. They don’t see one of the best pipefitters in the yard, or a person who aspires to be the president of this company. They just maybe look at me as someone who comes here to get a weekly check, when that is not who I am.”

40 Years Ago

In January 1976, the skill and speed of Newport News Shipbuilders enabled the unexpected emergency arrival of British cruise ship *Queen Elizabeth 2* to be docked, repaired and returned to sea all within five days. QE2 was leaving port in Nassau, Bahamas on New Year's Eve when the ship hit a submerged object causing damage to the bulbous bow. Because of the quick turnaround on the repairs, the ship arrived in New York for passengers to board the next cruise.
