## Employee Shares Weight Watchers Testimonial

The company has teamed with Weight Watchers to offer healthy lifestyle guidance. Newport News Shipbuilding employee **Thomas Carbaugh** (E81) shares his experience with Weight Watchers (WW).

"Over the past three years, I watched my weight increase over 200 pounds and my health decrease. I constantly had a sore back, sore knees and very little stamina for daily routines. I also developed severe sleep apnea and began using a Continuous Positive Airway Pressure (CPAP) machine nightly.

I looked into ways to decrease my weight including buying a home gym and dumb-bells, which were rarely used. I also looked into various weight loss plans including regimens to increase my metabolism and burn fat, and also plans that required me to buy \$300 of their food each month. None of them appealed to me.

In September of 2013 when a co-worker who hadn't seen me in more than two years said,

'Good to see you, how're you doing, looks like you've put on some weight.' I decided that something needed to be done. My doctor recommended WW because of its proven track record.

I looked into WW and was surprised to find out it was for men too. My first impression was, 'Oh great! This is the one that counts points – just what I need.' I then found out I could eat anything I wanted to including red meat and tremendous amounts of exercise were not required.

After attending the open house, I wanted to join. One thing that helped me was the question about the points. The answer; 'If you have 40 points a day consider it like you have \$40 a day to spend on food and when that \$40 is gone you have no more money to buy food.'

The encouragement and support from WW has been very helpful. After five months, I celebrated hitting my target weight of 173 pounds; losing 59.2

pounds. I've also gone from a 40 – 42 inch waist to a 36-inch waist. My back and knees have stopped hurting and I have more stamina and energy. My doctor has told me I can stop taking one of my blood pressure medications.

After six weeks of maintaining my target weight I became a lifetime member of WW. I continue going to meetings to learn more about maintaining my weight, and to encourage others. WW is not a diet; it's a lifestyle change for a better and healthier you. Consider joining WW– what do you have to lose?"

Weight Watchers will host at Open House event at NNS on Wednesday, May 6 from 4 to 4:30 p.m. in Bldg. 903-2 (room 214). Employees that register as a new member by May 8 will receive a FREE Weight Watchers starter kit including a cookbook, portion plates, and more. For more information contact **Becky Johnson** (O28) at 380-7380 or via email.
