Birdcage Team Delivers "Best-Ever" Results

On February 29, the *Virginia*-Class Submarine (VCS) Program and Pipe Shop leadership recognized the birdcage team for delivering a birdcage assembly with the greatest cost and schedule performance recorded to date. The team who is responsible for building the largest pipe assembly on a VCS submarine, commonly known as the "birdcage," recently completed the *Delaware* (SSN 791) birdcage, achieving a 62 percent cost reduction compared to the *USS Mississippi* (SSN 782).

"Our team is successful because we are so diverse and utilize our collective experiences and backgrounds for beneficial gains," said **Daniel Boyer** (X42).

To celebrate the team's accomplishment, the Pipe Shop held an appreciation luncheon and VCS Program Director **Matt Needy** recognized the team by giving them each a signature coin.

2016 MOE Nominees and Award Recipients Announced

Newport News Shipbuilding President **Matt Mulherin** is pleased to announce the nominees and recipients for the 2016 Model of Excellence (MOE) Awards. From leadership and operational excellence to customer service and innovation, congratulations to all of the shipbuilders being recognized this year. New for 2016, The Courage to Make a Difference Award distinguishes teams or projects that demonstrate courage with regard to behaviors that positively change the company culture or make a difference in the company or community. MOE recipients will be honored in a special awards ceremony on Sept. 28.

See the full list of this year's nominees and award recipients inside this edition of *Currents*.

Employees and Leaders to Discuss the Importance of Proper Time Charging

This week, all employees will be meeting with their foremen, supervisors and leaders to discuss the importance of proper time charging and to reinforce employee responsibilities around Newport News Shipbuilding timekeeping practices. The specific attention to time charging is about making the business stronger, being proactive, maximizing performance, and managing current and future contracts.

In a July 14 video message to employees, NNS President **Matt Mulherin** said, "Properly charging your time is about more than just receiving a paycheck, and this is something every employee should understand. During the week of July 18, I've asked the leadership team to meet with employees across the shipyard as part of a company-wide effort to discuss the importance of our timekeeping requirements. It's critically important to our success, and I appreciate your focus, attention and discussion on this subject."

Every NNS employee is responsible for accurately reporting and verifying their own time on a daily basis. Employee time charging responsibilities are outlined in Time and Attendance Reporting Policy NN 10-403.

X31 Recognizes Veterans with a "Wall of Honor"

The Electrical Department (X31) at Newport News Shipbuilding has recently established an X31 "Wall of Honor" in an effort to show appreciation and recognition to over 200 employees in the department that are United States veterans.

The X31 "Wall of Honor" is currently being displayed on the second floor of Building 8 and includes photos of electrical department employees, foremen and apprentice craft instructors.

"Not only do we respect the contribution that our veterans have made in the defense of our nation's freedom, we also appreciate the contribution that they now make as shipbuilders," said Electrical Trade Director **David Batdorf**. "This display gives us an opportunity to recognize their contributions every day."

The Electrical Department Administration Office will continue to add new photographs and nameplates to the wall as they are submitted.

HII Family Scholarship Program Deadline is July 29

The deadline for applications to the Huntington Ingalls Industries Family Scholarship Programs is

July 29. Applicants should expect to receive a confirmation email from Scholarship America upon successful submission. Applications submitted after July 29 will not be considered for the 2016-2017 school year.

The scholarship fund, administered by Scholarship Management Services, will award up to 100 scholarships in August to dependent children of HII employees. Individual award amounts will range from \$1,500 per year for selected students enrolled in a two-year college program to \$3,000 per year for selected students enrolled in a four-year program. The fund will also award scholarships of up to \$3,000 toward pre-school education costs.

Children of all HII employees are eligible to apply, with the exception of children of senior executives and those employees who have been with the company for less than two years. The selection process is independent of HII and based on both scholarship and financial need. No employee or officer of HII will play a part in the selection process.

Please note that there are two distinct programs. For more information about the two-year and four-year college scholarships, please visit the Scholarship America site at <https://www.scholarsapply.org/hii-scholarship>. For details on the pre-school scholarship, visit: <https://www.scholarsapply.org/hii-readiness>.

Early-Bird Discount Available to Employees for One City Marathon

Newport News Shipbuilding will be the presenting sponsor for the third annual One City Marathon on Sunday, March 12, 2017. Races will start at Newport News Park and be followed by the One City, One Celebration in Victory Landing Park.

NNS and Huntington Ingalls Industries employees are eligible for an early-bird discount now through August 15 for all four races—Marathon, Relay, 8K and Nautical Mile. When registering at www.onecitymarathon.com, select NNS as the employer and the discount will be automatically applied. The early-bird rates will expire on August 16, but a discount of \$5.00 will still be available. Rates are expected to increase several times before the event date.

For more information or to register, visit the One City Marathon website. Employees who are interested in running the full marathon or the 8K at no costs can contact **Jeremy Bustin** (O29) at 380-4384.

AROUND THE YARD

Fall 2016 Night School Registration is Underway

All classes are scheduled to begin the week of September 19 and will conclude the week of November 19. The application deadline is August 5. Visit the Night School website on Yardnet for a list of classes and registration information.

Employees should be reminded that beginning with the Winter 2017 bulletin, a hard copy will no longer be available and the bulletin will only be available electronically. To accommodate employees without computer access, fliers will be distributed at the shipyard gates to provide registration information for night school courses that are available. To view the latest bulletin, visit the Night School website on Yardnet or The Apprentice School website.

NNS Sponsors 7th Annual Freaky Kon-Tiki Raft Race

Newport News Shipbuilding will be sponsoring the 7th annual Freaky Kon-Tiki Hampton River Raft Race Saturday, July 23.

The event will be held in downtown Hampton at Mill Point Park and will offer participants food, beverages, live entertainment and a children's area. Competitions will include raft races, corn-hole tournaments and giant wacky volleyball. For more information, and to sign up for the raft competition, view the flier on Yardnet.

STRIDE ERG Hosts After-Work Social July 26

Join the Shipbuilders Together Realizing Inclusion, Diversity and Equality (STRIDE) employee resource group for its first after-work-social at Bar Louie in Peninsula Town Center on Tuesday, July 26. Enjoy \$5 hamburgers and fries, and meet fellow members of STRIDE, which serves as a support network and educational resource for LGBT employees, their friends, families and colleagues.

In an effort to support the Peninsula Food Bank, attendees are asked to bring a canned/nonperishable food item to donate.

Defense Security Service (DSS) Rates NNS "Commendable"

The 2016 assessment was performed by a team of industrial security specialists, information system security professionals, and counterintelligence special agents at Newport News Shipbuilding the week of May 23 – 27. The focus of the assessment was to review the aspects of the National Industrial Security Program (NISP) that are applicable to the NNS Industrial Security Program and to assess the effectiveness of the administration within the program.

The audit included interviews with approximately 825 employees, inspections of general services administration (GSA) approved containers and visits to all areas where classified materials are stored. Additionally, 70 percent of NNS' accredited classified computer network systems were reviewed and 100 individual classified computers were inspected.

The Defense Security Service (DSS) sent a letter to Newport News Shipbuilding President **Matt Mulherin**. The letter informed Mulherin that NNS was rated as "Commendable for the rating period and that the security team was very knowledgeable of the requirements, they maintained a high level of professionalism and they were innovative and proactive in the implementation of the NNS Security Program.

"Earning the 'Commendable' rating was a team effort, and we want to thank everyone for the support and participation of this year's DSS assessment," said Newport News Shipbuilding's Facility Security Officer **Donald Terry**.
