Model of Excellence Recipients Celebrated

On Sept. 30, 118 employees were recognized with a 2015 Model of Excellence (MOE) Award during a ceremony held at the Newport News Marriott at City Center. The evening consisted of a reception and dinner followed by an awards presentation to honor recipients.

During his remarks, Newport News Shipbuilding President **Matt Mulherin** congratulated each award recipient on their extraordinary contributions and achievements in leadership, operational excellence, innovation and technology and customer satisfaction.

“Whether it’s commercial nuclear reactors operating across our country, or nuclear-powered Navy ships operating around the globe, you understand that we must always strive for excellence and we must always challenge mediocrity,” Mulherin said. “Because, ultimately, the United States of America must always win and because of people like you, we always win.”

A highlights video featuring this year’s MOE recipients was also shown during the ceremony. The video and a list of this year’s winners is available on Yardnet.

AMSEC Wins U.S. Navy Logistics Support Services Contract

Last week, Huntington Ingalls Industries announced that AMSEC has been awarded a contract by the U.S. Navy to provide integrated logistics support services for hull, mechanical and electrical (HM&E) technical data development, maintenance and management.

AMSEC was awarded a five-year, indefinite-delivery, indefinite-quantity, cost-plus-fixed-fee contract that has a combined value of \$36.7 million if fully funded and all options are exercised. Services and products include technical data systems development and maintenance, electronic publishing support, technical manual development, supply support, logistics processes and analysis, systems engineering and training/curriculum development. Tasking will also include design, development, testing and fielding support for technical data integration efforts as well as technical data conversion, management and distribution.

AMSEC’s work will be performed primarily at its offices in Newport News, with support from AMSEC’s other locations in Pennsylvania, California, Washington and Hawaii. The work is expected to be completed by April 2020.

“We have an outstanding relationship with our customer that has developed over many years of providing them with world-class logistics and information technology services, and we will continue to foster that relationship,” said **William Rumschlag**, AMSEC’s manager of Information Technology and Data Management Solutions.

CMSD Awarded Sustainable Achievement Award for Water Efficiency

During the Port of San Diego Green Business Network’s 4th Annual Top Green Chef event Sept. 10, Continental Maritime of San Diego was presented the Sustainable Achievement Award for Water Efficiency.

HOLA Hosts Hispanic Heritage Month Celebration

On Sept. 29, Newport News Shipbuilding's Hispanic Outreach and Leadership Alliance (HOLA) held a celebratory event in honor of Hispanic Heritage Month, which is recognized nationally to celebrate the contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean, Central America, and South America. The event was held in the James River of Bldg. 520 and guests were encouraged to tour the room, decorated with flags and poster boards showing the various Hispanic countries and aspects of that country's culture. NNS President **Matt Mulherin** was the guest speaker for the event and gave a presentation followed by a Q&A session.

"I believe we had a good turnout and an intimate discussion with the company president regarding leadership, advancement and the environment of our company," HOLA Chair, **Oliver Aguilar** (E83) said. "Attendees said they appreciated the open forum and opportunity to interact with Mr. Mulherin."

Tim Reynolds (E44) said, "I really enjoyed hearing Mr. Mulherin speak about diversity and the many opportunities on the horizon. This HOLA event reminded me of the wide diversity of those around me. We are not just shipbuilders, we are diverse Shipbuilders and there is much to learn and share."

Cybersecurity Sponsors Lunch-and-Learn with FBI

Cybersecurity (T51) hosted a lunch-and-learn on Oct. 1 with a Federal Bureau of Investigation (FBI) agent for Cybersecurity Awareness Month. The FBI agent gave a presentation about "Insider Threat" to the 50 employees in attendance. Later in the presentation, a film was shown highlighting a man attempting to be persuaded by foreign spies to divulge proprietary information to them in exchange for a large sum of money.

Attendee **Liz Shames** (E18) said, "I really enjoyed the whole presentation. The speaker was engaging and really brought home how careful we need to be in a world in which people lead such open, public lives."

If you missed this presentation and want to learn more about insider threat, type "InsiderThreat" in your browser for more information.

SHIPs Tourapalooza Participants (L to R): **Robert Becton, Jr.** (E25), **Stefani Smith** (E47), **Debra Brand** (E72), **Ellen Murphy** (M20) and **Abra McCollum** (T52).

SHIPs Network Hosts 11th Tourapalooza of the Year

Selected SHIPs Network members attended the 11th Tourapalooza of 2015 by going aboard the company's locomotives on Aug. 26.

"It was a fantastic experience," said SHIPs Event Logistics and Development Co-Lead **Stefani Smith**. "We had perfect weather, great tour guides and a wonderful ride to the North Yard – all of which gave us a greater appreciation for the transportation capabilities of the shipyard."

SHIPs' Tourapalooza Program offers members a chance to experience various areas at Newport News Shipbuilding. SHIPs Network would like to thank all Tourapalooza sponsors for continuing to offer our members tours of all the great areas in the shipyard where shipbuilders are working every day to build great ships.

Visit the SHIPs Network website to learn more or to become a member.

AROUND THE YARD

Extended SAP System Maintenance Window Friday-Saturday

This weekend, the SAP Production standard maintenance window will be extended. Maintenance will begin on Friday, Oct. 9 at 7 p.m. and is scheduled to last through Sunday, Oct. 11 at 4 a.m. SAP users should review their Friday and Saturday SAP processing and make modifications where applicable for this extended down time. Following the extended down time Oct. 9-11, scheduled maintenance will return to its routine weekly schedule: Saturday at 4:30 p.m. through Sunday at 2:30 a.m.

Wear **PINK** on Friday

October is National Breast Cancer Awareness Month. To raise awareness, Women in Shipbuilding Enterprise (WiSE) are encouraging all shipbuilders to wear pink on Friday, Oct. 9. A photo will be taken at noon by the *Dorothy* for all shipbuilders who are interested. Not able to make it to the *Dorothy* for the photo? Gather your co-workers for a pink picture and send it to WiSE@hii-nns.com. Contact **Heather Rugnetta**, WiSE Community Service and Outreach director, for questions or to obtain a photo release prior to the event. Note: travel time to and from the event are to be flexed with prior approval from your management.

Interested in Serving on the 2016 WiSE Board of Directors?

Interested employees should complete the WiSE nomination form on the WiSE Yardnet website and submit it to **Krysti Filer**, election coordinator, via email by Oct. 12. *Note: The form includes position information.*

HII's SN3 Subsidiary Records 1 Million Safe Hours

SN3 (Stoller Newport News Nuclear) subsidiary has recorded more than 1 million safe hours since its last Occupational Safety and Health Administration lost work day case. The achievement was announced Oct. 1 through a Huntington Ingalls news release.

"Worker safety is a core value," said SN3 President **Nick Lombardo**. "This milestone acknowledges the hard work and dedication of our employees to support our DOE client."

SN3 team members and subcontractors clocked 1 million safe hours through their work with the U.S. Department of Energy's Office of

Continental Maritime of San Diego's (CMSD) Facilities team (pictured left to right): Daniel Castillo, Pablo Gonzalez, Alberto Galvan, Nick Cascarella, Bob Montreuil, Brian Schulz, Anthony Reyes and Joe Baszak.

CMSD Awarded Sustainable Achievement Award for Water Efficiency

The Port of San Diego Green Business Network is part of the San Diego regional energy-efficiency and sustainability effort that encourage conservation of resources by port tenants.

CMSD won the award for replacing two aging gas fired steam boilers with two smaller and highly portable point-of-use electric boilers -- a benefit recognized by the Facilities Department. Benefits of the two new electrical boilers include:

- Eliminate 100 percent of airborne emissions
- Reduces utility consumption
- Save at least 205,000 gallons of water and 7,000 therms of natural gas per year
- Significantly reduces maintenance and environmental compliance labor
- Eliminates an outside services contract for permit mandated tune-ups
- Ends two costly Air Pollution Control District permits
- Reduces CMDS's carbon footprint by 84,000 pounds of carbon dioxide per year

CMSD was one of the seven Green Business Network members that have shown exemplary progress implementing sustainability initiatives in 2015. Congratulations to CMDS's Facilities team for finding sustainable solutions and keeping CMDS's environmental and quality commitments to our community and customers.

Legacy Management. The company supports Legacy Management's post-closure responsibilities at more than 100 work locations throughout the contiguous U.S., Puerto Rico and the Aleutian Islands.

During these 1 million safe hours, SN3 initiated an assessment of the Legacy Management Support Integrated Safety Management System and Voluntary Protection Program to identify improvements necessary to support safety performance, with a goal of achieving a recordable case rate substantially below the DOE complex annual average.

NNS Employees, Family and Friends Volunteer at "Fear to Freedom"

On Sept. 26, nearly 60 Newport News Shipbuilding employees, family and friends took part in a volunteer effort to help the "Fear to Freedom" (F2F) organization prepare for the upcoming year. F2F is a non-profit organization whose mission is to redeem and restore those wounded by sexual assault, bringing them hope and healing, and to change the cultural understanding surrounding this issue by empowering college students. F2F accomplishes its mission through its University Campaign, which partners universities with hospitals and community organization to provide F2F Kits to victims of sexual assault. To date, the organization has provided more than 9,000 F2F Kits to victims of sexual assault.

During the shipyard volunteer effort, attendees helped unpackage and prepare sweatpants for F2F kits.

"We heard the founder's story about when she was sexually attacked and how she was able to find joy again," said **David Cowley** (E86). "Then we helped prepare the kits. I was very impressed with purpose of the kits and the way they are distributed to victims in a caring and practical way immediately after they are abused."
