Women in Shipbuilding Enterprise (WiSE) encouraged employees to wear pink on Thursday, Oct. 13, in honor of National Breast Cancer Awareness Month. Employees dressed in pink and met at the *Dorothy*, outside of Bldg. 520, to take a group photo during lunch.

Visit the WiSE Yardnet website on MyNNS to view other photos of employees wearing pink around the yard. Employees are encouraged to continue to send in their pictures to WiSE Community Service and Outreach Director **Heather Rugnetta** (E86) throughout the week. Photo above by **John Whalen**

HII Hosts Secretary of the Navy Ray Mabus at Newport News Shipbuilding

Last week, Huntington Ingalls Industries hosted Secretary of the Navy Ray Mabus at Newport News Shipbuilding. Mabus toured the aircraft carrier *Gerald R. Ford* (CVN 78) and recognized more than 1,000 shipbuilders and sailors for their hard work on the construction and testing of the ship.

Mabus also discussed Navy and Marine Corps accomplishments over the past seven years, including the Navy's work in innovation, energy, shipbuilding, personnel initiatives and partnerships.

"What the Navy gives America is presence—not at the right place at the right time, but all the time," Mabus said. "Quantity is a quality all its own. These shipbuilders produce great American ships. With aircraft carriers, we get on station faster, stay there longer, and we bring everything we need."

Matt Mulherin, president of Newport News Shipbuilding, and Capt. Richard McCormack, *Ford's* commanding officer, accompanied Mabus on the ship tour. *Ford* is 99 percent overall complete, and less than 10 percent of the overall testing program remains.

“Secretary Mabus’ encouraging words mean a lot to these men and women who have worked hard to bring *Gerald R. Ford* to life,” Mulherin said. “Like all lead ships of a new class, *Ford* has come with its challenges. The shipbuilders and *Ford* crew have tackled each challenge together and without hesitation. I’m very proud of their perseverance, and I’m honored to be a part of building this great ship.”

Mabus is the 75th Secretary of the Navy and a former Navy officer, having served aboard the cruiser USS *Little Rock* (CLG 4). During his tenure, Mabus has worked to improve the quality of life of sailors, Marines and their families; decrease dependence on fossil fuels; strengthen industry and international partnerships; and increase the size of the Navy fleet.

“Under the secretary’s leadership, greater priority has been placed on shipbuilding contracts, which helps us maximize learning curve efficiencies in ship construction and provides stability to our industrial base,” Mulherin said. “We value Secretary Mabus’ unwavering support and greatly appreciate his time with us today.”

Congratulations October EPL Graduates

Newly-promoted supervisors and managers are required to attend an Enhancing Personal Leadership (EPL) five-day course once in their new position. Congratulations to the October 2016 EPL class of new supervisors and managers for completing the training.

L.A.W. School Courses Available

Newport News Shipbuilding’s Management Development Center continues to offer a series of after-work professional development courses for employees. The “Learning After the Whistle,” or L.A.W. School Program, offers employees an opportunity to grow both personally and professionally. Salaried employees are eligible to enroll this year, with potential hourly enrollment in the future. All courses for the remainder of 2016 are now open for registration. View the full list of courses on Yardnet. To register, visit the Learning Exchange (LX) and perform an advanced search for “LAW.” Courses open for registration approximately one month prior to the start date. Seating is limited and registration will close when capacity is met.

All MDC courses are offered in the evenings in Bldg. 903 on the 7th floor. Required books and materials are also provided, so there is no cost to the employee to attend. As a reminder, attendance is on the employee’s own time and no time charge will be provided. For questions about this program, contact **Michelle Avery** (O25) at 380-3068 or **Nancy Kramer** (O25) at 688-2761.

Career Pathways Recognizes Volunteers to Kick Off School Year

Recently, Newport News Shipbuilding’s Career Pathways Program held a volunteer recognition event to recognize volunteers and to kick off the 2016 school year. The event included several activities, including bingo, trivia, video testimonials and a hands-on demonstration with a paint simulator. During the event, the programs’ top ten volunteers were honored for their commitment.

One of Career Pathways top ten volunteers, **John Banks (E73)**, was asked why he is passionate about volunteering his time. “Being a Career Pathways volunteer means giving back my engineering skills and talents to the surrounding communities while enhancing the future of young individuals who are interested in STEM-related fields,” said Banks. “The time spent with these young, inquisitive minds fuels the passion I have to ensure they succeed, and in turn, rejuvenates me to press forward in this ever-changing field of engineering.”

The Career Pathways Program works with Hampton Roads Public Schools on behalf of Newport News Shipbuilding to mentor students and provide opportunities to experience future career paths. The partnership provides a unique opportunity for the business to contribute directly to the school experience of the youth, who are just beginning to formulate dreams for the future. Career Pathways initiatives include teacher internships, job shadowing, clubs/activities, middle school partnerships, career fairs, speakers bureaus and other Science, Technology, Engineering and Mathematics (STEM) related initiatives.

Career Pathways is under the Corporate Citizenship and Government Relations Department and is led by **Jeffrica Key (K18)**, manager of Career Pathways and Career Pathways Representatives **Shauntel Foster (K18)** and **Pierrette Swan (K18)**.

“The Career Pathways team wants to thank all of our volunteers for the

Note: Unauthorized use of personal devices on company time could create a time-charging issue. Employees must never charge work time while using personal devices during working hours. Please check the ISCVN Facebook group during non-work hours. The In-Service Aircraft Carrier (ISCVN) Program Facebook group is an authorized NNS group. Frequently asked questions are available on the ISCVN website. To learn more about the approval process and guidelines for NNS groups on Facebook, please contact **Jeremy Bustin (O29)**.

AROUND THE YARD

Time Charging- Did you Know?

After entering the time and charge codes in MyTime, employees must click the blue “PROCESS TIME” button before exiting the system.

This important step will ensure time has been recorded on the correct dates and all errors have been resolved. All time has to be approved in order for employees to be paid. A time entry status of “A” indicates the time entered has been approved.

Coaching Moment with Leadercast Planned for Oct. 26

The Management Development Center (MDC), along with the Performance Coaching Program and the In-Service Aircraft Carrier Program Leadership Team, will host a Coaching Moment with

Leadercast event on Oct. 26 at the Consolidated Refueling Facility (CRF), Building 1841, third floor, Conference Room One.

Guest speaker Dr. Henry Cloud will provide a presentation on The Four Corners of Leadership. Sessions are open to all employees and will be offered for all shifts. Employees are required to flex their time as a charge will not be provided. For LX credit, sign up no later than Oct. 25 by emailing CoachingPrograms@hii-nns.com or calling 688-2761 or 380-4748.

For more information, view the flier on Yardnet.

L.E.A.R.N. to Host After Work Event

The L.E.A.R.N. Program will host an after-work presentation with **Bill Ermatinger**, Huntington Ingalls Industries’ executive vice president and chief human resources officer, and **Bill Bell**, Newport News Shipbuilding’s vice president of Human Resources and Administration. Ermatinger and Bell will discuss “Health and Wellness” from 4:30 p.m. to 6 p.m. on Nov. 17 in the VASCIC Auditorium. The event is open to all employees by reservation only. Sign up on the L.E.A.R.N. Yardnet website. Prizes and refreshments will follow the presentation. For questions, contact **Liza Carter** (E25) at 534-4015.

HOLA Hosts Hispanic Heritage Month Celebration

On Sept. 22, Newport News Shipbuilding’s Hispanic Outreach and Leadership Alliance (HOLA) held a celebratory event in honor of Hispanic Heritage Month, which is recognized nationally to celebrate the contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean, Central America, and South America. The event was held in VASCIC and guests were encouraged to tour the room, complete with displays of poster boards representing various Hispanic countries and cultures. During the event, members of HOLA dressed in costumes representing different Hispanic countries.

Debbie Martinez from the NASA Langley Research Center was the guest speaker for the event and gave a presentation followed by a Q&A session.

“This year’s event gave me the opportunity to honor the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and the Americas,” said **Robert Gomez** (E86). At the end of the event, participants received giveaways and were offered a variety of Hispanic-themed food.

Inclusion + Diversity

While we continue to seek stories that showcase each of our unique personality traits, we are also looking for people to share stories of being or feeling excluded based on age, race, gender or other cultural differences. Shipbuilders interested in sharing their stories should contact **Jeremy Bustin** (O29) at 380-4384.

The ad on the next page is part of an ongoing series of print communications in support of the Inclusion and Diversity initiative at Newport News Shipbuilding.

About Face

Rethink what you think.

“I understand that working in the shipyard is a man’s industry, but it’s a woman’s industry as well. I’ve heard everything degrading you can think of over the years—‘baby,’ ‘sweetheart,’ ‘baby girl.’

I want you to talk to me the same way you talk to your mom because I’m a woman. I want you to give me the opportunity just like you give the opportunity to a guy.”

2016 United Way Campaign Kicks Off This Thursday

Newport News Shipbuilding's United Way Campaign kicks off this Thursday, Oct. 20, and will run through Friday, Nov. 4.

The United Way has a 77-year history of caring for the community. It unites people from the community to identify critical issues and develops solutions with a focus on children and youth, basic needs, self-sufficiency, and community health. NNS has been a major partner of the United Way since its founding, a tradition that the company continues each year. By making a contribution to the United Way through payroll deduction, employees can have a significant impact on the well-being of the community.

This year's campaign slogan, "Newport News Shipbuilding Underway for United Way," submitted by **Mark Williams** (T55), was selected among 61 entries during the 2016 United Way Campaign Slogan Contest.

In the coming days, NNS United Way coordinators will distribute the 2016 United Way Enrollment Guide to employees. NNS has a goal to raise over \$1.5M, and employees that donate \$150 per year or more will receive a "smart card" to use for discounts at businesses and restaurants in the Hampton Roads area.

For more information about the 2016 NNS United Way Campaign, employees should contact their department's United Way Coordinator or visit the United Way website on MyNNS that will go live on Oct. 18.
