

## X36 Hosts Tool Demo Extravaganza

Last week, Waterfront Support Services (X36) hosted a tool demonstration extravaganza for trade employees inside the Covered Modular Outfitting Facility (CMOF).

Employees who attended the event were not only able to see a showcase of the state-of-the-art tools and equipment currently available at the shipyard, but they were also given a preview of what could be available in the future.

X36 attendants provided demonstrations of over 40 tools and equipment currently available at the shipyard. From cordless wet-dry vacuums to digital torque wrenches, employees learned about and tested each tool. Every item showcased by X36 was made available for checkout during the event.

“A lot of employees don’t know about all of the new tools and equipment available in our tool rooms and this event gives us an opportunity to show them what we have and how they work,” said X36 Foreman **Lee Holland**.

Additionally, 20 manufacturers and suppliers showcased cutting-edge tools and equipment that could be available at the shipyard in the future. While the tools and equipment featured by these manufacturers were not available for checkout, employees were encouraged to learn about each item and discuss the future benefits with their supervisors.

“It was great seeing all of the craftsmen and craftswomen so excited about the event,” said Foreman **Talyr Janus** (X36). “Everyone felt welcome and enjoyed seeing the tools that we carry and hearing about future options.”

Several other departments participated in the event. Safety (O27) offered a booth for safety glass fittings, while Facilities (O41) offered an ergonomic-themed booth with dollies, wagons and specialized lifting braces. Interactive Health was also on site to educate employees on the importance of healthy living.

## NNS’ Holiday Food Drive Concludes This Friday

Newport News Shipbuilding’s annual Holiday Food Drive to benefit the Virginia Peninsula Foodbank (VPF) will conclude Friday, Dec. 16. **William McLaughlin** (E81), a supporter of NNS’ annual

food drive, leads efforts within his division to raise awareness about the importance of giving each year. Over the last few years, McLaughlin and his co-workers have collected over two thirds of the total items donated towards the NNS Food Drive.

“What is the Power of One? What if every employee who did not contribute last year brought one can of food? What if every employee who did contribute brought just one more can of food? That would be the power of one united shipyard and could generate almost 18,000 additional pounds of food to help fight hunger in our communities,” said McLaughlin (E81).

To view a list of the supplies most needed during this year's drive, view the Distribution A Memo on MyNNS. Monetary donations by cash or check (checks made payable to the Virginia Peninsula Foodbank) can be delivered to **Judy Fundak** (K18) in Bldg. 520-1. Employees also have the option to make a monetary donation to the campaign by visiting [www.hrfoodbank.org/shipyardfeeds](http://www.hrfoodbank.org/shipyardfeeds). The Peninsula Foodbank will be able to provide four meals for every dollar donated. All monetary donations will be credited to the donor's department and must be received by 4 p.m. on Dec. 16. Monetary donations should not be sent through yard mail.

## X11 Leading the Way as Shipbuilder Strong

The X11 leadership team recently hosted an appreciation luncheon to recognize the department for being the first to achieve the "Shipbuilder Strong" qualification as part of its 2016 Fit to Fit initiatives. The program, managed by Tidewater Physical Therapy (TPT), has trained X11 shipfitters to be better conditioned to prevent injuries.

At the event, **Donna Abbott** (TPT) was presented with a certificate of appreciation and named an honorary shipfitter by the X11 leadership team.

"Over the last year, Donna and her team have partnered with our fitters to show them how to properly stretch and condition for specific jobs that they perform," said X11 Trade Director **Joe Sabol**. "We can't thank her and her team enough for their dedication and hard work in developing us to be 'Shipbuilder Strong.'"

The X11 leadership team also recognized the 2016 "Fit to Fit" presenters for their continuous effort in helping shipfitters grow and improve in the areas of health, safety, knowledge, proficiency and engagement.

**Ray Bagley**, vice president of Trades Operations, attended the recognition event, presented each person with a challenge coin, and congratulated the department on its achievements.

"It is vital to incorporate simple exercises into daily routines, designate time to exercise on a daily basis, and strive to improve our overall health," he said. "I challenge each of you to continue to help other trades focus on the importance of being healthy and exercising, with a focus on all waterfront trades becoming 'Shipbuilder Strong.'"

## REMINDER

### W-2 Name and Address Verification

In order to prepare for the upcoming tax season, Newport News Shipbuilding's Employment Office would like to remind employees of the following:

- Employees should review their name and address on their pay stubs for accuracy. W-2's will be mailed to the address that appears on the check stub. The first and last name printed on the stub should appear exactly as it does on the employee's social security card.
- Address changes must be submitted to the U.S. Postal Service prior to submission to NNS' Employment Office. Address changes should be submitted via form NN 9-1 and can be submitted through the Human Resources website on MyNNS, by faxing to 688-1837, mailing to HRIS Department O13 in Bldg. 500-2, or by dropping off to NNS' Employment Office in Bldg. 500-1.
- Name changes can be submitted through NNS' Employment Office by calling 380-4878 for additional instructions and required documentation.
- Any address and/or name changes must be submitted by Jan. 6, 2017, to be reflected on 2016 W-2's.
- Employees who claimed exempt for the 2016 tax year must submit a new W-4 card no later than Feb. 15, 2017. Failure to submit a new card will result in withholding at single with zero exemptions.

### WiSE Members Volunteer at Achievable Dream's Tennis Ball

On Saturday, Nov. 19, 11 members of the Women in Shipbuilding Enterprise (WiSE) employee resource group (ERG) volunteered at the annual Achievable Dream Tennis Ball held at the Hampton Roads Convention Center. WiSE members manned the silent auction area where items were up for bid to support the Achievable Dream's social, academic and morale education (SAME) curriculum.

### WiSE Assist Local Children Through "Secret Santa" Gift Giving Efforts

Women in Shipbuilding Enterprise (WiSE) sponsored more than 50 Court Appointed Special Advocate (CASA) children this year. Newport News CASA volunteers work with local abused and neglected children who are under the court's supervision. The children, ages 3 months to 17 years old, often have nothing to call their own as they are moved from place to place.

"I am overwhelmed with gratitude knowing that at this company, not only do we build great ships, but we have truly amazing people," said **Krysti Filer** (O20). "Until these children have a safe, loving and permanent home, it means so much to me, knowing that they can count on us to provide them with gifts that they would not otherwise receive."

The WiSE leadership team thanks all employees and departments who came together to support this year's initiative.

Visit the WiSE website on MyNNS for information on how you can get involved in upcoming events.

### MyTime – Did You Know?

If managers, supervisors or foremen experience difficulties in processing time for their employees in MyTime, it may be due to errors or unresolved issues with their time from the previous pay period.

All time in the previous pay period should show as approved and transferred, indicated with an “A” for approved and a “T” for transferred. It is good practice at the beginning of a new pay period to do a final review of the prior pay period to ensure all time has been processed, approved and transferred.

For additional information on timekeeping, visit the Timekeeping Central website on MyNNS.

### Access Center Closing for Maintenance

The Access Center in Bldg. 625 will be closed for quarterly maintenance 11:30 a.m. - 1:30 p.m. on Friday, Dec. 16. For questions, contact **Jay Stefanick** (O15) at 688-0894.

### Interactive Health Offers New Year Challenge

Interactive Health at Newport News Shipbuilding will be offering a new “Power Up” Program to kick start the new year. The six-week program is a physical activity challenge

that will run Jan. 9 - Feb. 13, 2017. Employees will team up with an Interactive Health coach to focus on weekly Tabata routines to get fit and tone. Coaches will provide teams with weekly motivation and track the teams’ results. All participants who successfully complete the “Power Up” Program will have a chance to win an Apple Sport Watch.

To register, visit the Interactive Health website on MyNNS or email [InteractiveHealth@hii-nns.com](mailto:InteractiveHealth@hii-nns.com).

## About Face

Rethink what you think.

"Growing up in downtown Newport News, I heard all the labels. 'He stays in the hood.' 'He's never going to be anybody.' 'He's probably going to try to rob somebody.' We might not have the best of things. Our situation may not be the best. But I can rise above. I can be better. I can show someone I am not what you think. The more you get to know a person, you'll see that stereotypes start disappearing because everybody is different."

## Dominion and Newport News Shipbuilding build classroom at An Achievable Dream

About two dozen volunteers from Newport News Shipbuilding and Dominion Virginia Power teamed up on Monday, Dec. 5 to build a new outdoor classroom for students of An Achievable Dream Middle and High School. They constructed a platform, podium and several benches that will offer teachers and students a change of scenery and more engaging learning experiences.

“It’s a way of giving back whatever you can do to help the community and bridge the gap,” said **Regina McLean** (O22). “It’s a privilege.”

While it was the first time shipbuilders constructed an outdoor classroom, Dominion has been building several around the state and wanted to partner with the shipyard.

“NNS and Dominion are two of the largest corporate citizens in our region,” said **Tom Cosgrove**, manager of Corporate Citizenship and Government Relations. “It’s great to see the two companies working together collaboratively for the good of the community. We hope to see students benefit from this outdoor learning space for many years to come.” Photo by **John Whalen**
