Shipbuilders Earn Safety Awards

Five Newport News Shipbuilding employees will be honored with awards during the Voluntary Protection Programs Participants' Association (VPPPA) national symposium in Nashville, Tennessee, on Aug. 27.

"I'm so proud of our shipbuilders who are being recognized by VPPPA for their achievements in the health and safety arena," said **Dru Branche**, director of Environmental Health and Safety. "They've worked hard in both their work and personal lives to get this recognition and are excellent ambassadors for health and safety here at NNS."

Projects Aim to Improve Quality of Life

In an effort to improve the quality of life for Newport News Shipbuilding employees, restrooms across the shipyard are being refurbished. In addition, NNS janitors have kicked off the "Help Me Help You" campaign, aimed at creating partnerships between janitors and fellow shipbuilders.

"The condition, cleanliness and use of our bathrooms has a major impact on each and every employee's quality of life here at Newport News Shipbuilding. It takes a team effort and NNS leadership understands the importance of this issue and has taken an active role in supporting this initiative," said **Buzz Halleen**, Plant Operations manager.

The restroom projects include three teams working together – those in charge of permanent restrooms, those in charge of portable restrooms and the janitors who are responsible for cleaning and sanitizing NNS' 562 restrooms daily.

Internship Teaches Educators About NNS

Donna Mincheff's two-week immersion in all things Newport News Shipbuilding left a lasting impression that the school counselor plans to share when school opens next month.

"I just want to tell my students Newport News Shipbuilding has so much opportunity for them," said Mincheff, who works at Chesapeake's Great Bridge Middle School.

Model of Excellence Honorees Announced

Newport News Shipbuilding President **Jennifer Boykin** has announced the recipients of the 2018 Model of Excellence Award. See the insert to read a letter from Boykin and to view this year's honorees.

Employee Ticket Information; Volunteers Needed

Newport News Shipbuilding will christen *Delaware* (SSN 791) on Saturday, Sept. 15. During the ceremony, which is scheduled to begin at 10 a.m., Ship's Sponsor Dr. Jill Biden, wife of former Vice President Joe Biden, will perform the traditional honor of breaking a bottle of American sparkling wine across the submarine's bow.

The Communications Division has a limited number of tickets to distribute. NNS employees can request up to two tickets on a first-come, first-served basis by completing the form at nns.huntingtoningalls.com/delaware-tickets. Please note the request does not guarantee tickets to the event. Employees selected to receive tickets will be notified via email at a later date. For questions regarding tickets, contact **Lena Wallace** (O29) at 380-2135. Shipbuilders in the *Virginia*-Class Submarine Program should request tickets by contacting **Tammie Morris** (X82) at 688-4860, via their supervisor.

Event volunteers are still needed to support the christening ceremony as ushers, site volunteers and parking attendants. Employees interested in volunteering should visit nns.huntingtoningalls.com/delaware-ssn-791-christening-volunteers. For questions regarding volunteers, contact **Kimberly Zayakosky** (O29) at 380-4460 for questions.

A live webcast of the ceremony will be broadcast on the Huntington Ingalls Industries Facebook page and at nns.huntingtoningalls.com/delaware-christening. Use #SSN791 on social media to follow the event and congratulate shipbuilders.

Safe and Sound Week Focuses on Electrical Safety

Newport News Shipbuilding's Environmental Health and Safety Department observed Safe and Sound Week Aug. 13-19 by educating shipbuilders about electrical safety. In the photo above, **David Velazquez** (O27), left, hands "Why I Work Safe" badge holders to **Kenny Hipps** (X43), right, and **Brennon Cogburn** (X43). Photo by **John Whalen**

Internship Teaches Educators About NNS

CONTINUED FROM PG 1

"I just think it's the best-kept secret. I look forward to communicating more with the shipyard and getting some shipbuilders out to talk to my students."

Mincheff was among the two dozen local teachers and education professionals who recently participated in a unique internship program at NNS. The program, now in its seventh year, is a partnership involving Career Pathways, Trades Training and Talent Acquisition.

During the internship, participants are exposed to all facets of shipbuilding, including engineering, modeling and simulation, augmented reality and hands-on experience with trades. Educators also learned about opportunities at The Apprentice School and saw how math and science concepts used at NNS relate to classroom teaching.

"We are trying to prepare our students for the real world," said Jessica Smith, who works at Nansmond River High School in

Suffolk. "What better way than to get that real-world experience ourselves to share with them?"

Participants had an up-close view of construction on *John F. Kennedy* (CVN 79) and *Virginia*-class submarines. They also met with NNS leaders, toured the company's Mobile Experience (MX) trailer and got an overview of Integrated Digital Shipbuilding (iDS) initiatives.

Michele Dickerson, a special education teacher at Smithfield High School in Isle of Wight County, was happy to see so many possibilities at NNS for her students.

"I love the fact that they're willing to train people. A lot of times, students in special education need someone to break things down or give them hands-on experience. They do that here at the shipyard," she said. "There's more opportunity here than I ever realized – for special education and general education students."

Projects Aim to Improve Quality of Life

CONTINUED FROM PG 1

O43 Foreman **Roger Bullard** and his team are currently performing targeted maintenance to improve permanent restrooms around the yard with a focus on Dry Dock 12 and Bldg. 1816. This work is an extension of routine maintenance efforts to ensure bathrooms are working properly and includes upgrades to fixtures, lighting, and dispensers. All employees are encouraged to assist in this effort by reporting maintenance issues to the service desk at 688-9888.

NNS' 38 portable restrooms, which stretch from Pier 2 to Dry Dock 12, are also undergoing refurbishment. General Foreman **David Crews'** team is responsible for the portable restrooms. He hopes to refurbish them all by the end of the year by cleaning, repairing or replacing fixtures, piping and other components.

The restrooms are also getting a fresh coat of paint. "We're really going in and brightening up the whole restroom," Crews said.

Shipbuilders will also notice "Help Me Help You" posters on entrances to restrooms across NNS. The posters feature janitors sharing their thoughts and encouraging shipbuilders to help them keep the facilities clean.

General Foreman **Mike Wallace** has a team of janitors responsible for cleaning the landside bathrooms across the shipyard. "Our janitors take pride in the work that they do. It is important to them that they provide a clean restroom for all shipbuilders to use and that the restroom users respect the effort that it takes to provide that service," he said.

Randy Banks Jr. (O46) came to NNS four years ago as a welder and joined the janitorial crew earlier this year. "I've seen first-hand the amount of work that goes on across the shipyard to keep our facilities clean," he said. "Unfortunately, I've also seen how quickly a clean facility can become unclean. As a team, let's work together to keep our restrooms clean for everyone."

Pictured on the front row from left are **Guy Shaulis**, **Stephanie Hargrave** and **Jordan Winslow**. Pictured in the back row from left are **Bob Conway**, **Willie Clark**, **Terry Gray** and **Sam Elder**. Shaulis, Hargrave, Clark, Gray and Elder are recipients of VPPPA awards this year. Photo by Ashley Cowan

Shipbuilders Earn Safety Awards

CONTINUED FROM PG 1

Sam Elder (M53), **Stephanie Hargrave** (O53), **Willie Clark** (X11) and **Guy Shaulis** (X15) earned VPPPA Safety and Health Achievement awards, which honor employees who take the initiative to learn and apply safety and health practices. "I believe health and safety starts with shipbuilders. All of us have responsibilities to stay safe," Hargrave said.

Shaulis said he has served on safety teams most of his career, even outside of NNS. "It is important to learn from others and share my experiences so I can recognize and prevent injuries. It is also important to have a caring attitude for others," he said.

Terry Gray (X42) is no stranger to VPPPA honors. He is receiving the VPPPA Safety and Health Outreach Annual Award, which recognizes "VPP models" who reach out to share the safety, health and technical management expertise developed at their sites. Gray also was a 2016 Safety and Health Achievement Award winner and was named VPPPA's August 2018 member of the month.

"Receiving a second award is humbling. It's only possible because of the people who helped, believed in and supported me along the way. It's really a sign of what you can do when people believe in you and what you stand for," Gray said.

NOTICE: Don't Move Blue Traffic Cones

Newport News Shipbuilding Security is now using blue traffic cones to reserve spaces in designated parking areas. Blue traffic cones should be treated like red tags. Only designated Security personnel can place or remove the cones. If a blue traffic cone is moved without permission and a vehicle parks in a reserved space, it will be towed at the owner's expense. Photo by Ashley Cowan

iDS Program Celebrates Major Milestone

The Integrated Digital Shipbuilding (iDS) Program celebrated its largest key event to date on Aug. 6, with the August Block Point Release.

The block of software released into production provides benefits for new construction carriers and submarines as well as in-service carriers. It includes improvements to digital engineering and planning environments, as well as new functionality to share digital data with NNS' partner, General Dynamics Electric Boat. The block point release also brings carrier overhaul into Teamcenter, opening the door to expanding many digital initiatives across in-service carriers, and it revolutionizes planning with a new tool aptly-named Next Generation Planning.

This release marks the most comprehensive, highly visible and tangible block of capabilities placed into production for the program. While it was a companywide effort, the release directly involved more than 250 iDS employees in a cross-team effort with IT, Planning, Engineering, Operations and the programs.

iDS Director **Tim Sweitzer**, center, congratulates a team for its role in the August Block Point Release. Photo by **Ashley Cowan**

iDS Director **Tim Sweitzer** equated this release for iDS to a keel laying for a ship. “Like a keel, it serves as the structural foundation upon which the rest of iDS will be built and signals that the program is primed to accomplish big things,” he said. “The iDS Program would like to thank everyone who played a part in contributing to this successful release and is ready for the next challenge.”

The Hampton Roads Lady Gators, which includes several shipbuilders, won a national championship in July.

Shipbuilders Help Lead Women's Football Team to National Championship

A group of Newport News Shipbuilding employees recently helped lead a local semi-professional, full-contact women's football team to a national championship.

At least seven team members and coaches for the Hampton Roads Lady Gators are NNS shipbuilders. In July, the team defeated the Tri-Cities Thunder to win the 2018 United States Women's Football League Ironwoman Championship. Several shipbuilders were even named to the all-star team and were recognized for their achievements throughout the season.

“We all go through it together. We all start at 7 a.m. and know that in 12 hours we will all be running at practice,” said **Meghan Gianni-Bradford (X47)**, a relatively new shipbuilder who is a starting wide receiver for the Lady Gators.

Gianni-Bradford thinks that one of the special connections about the Lady Gators is the fact that so many are members of both the football family and the shipyard family.

“Newport News Shipbuilding gave me the chance to move down here from Pennsylvania and play the sport that I love. I am honored to work and play alongside so many amazing women,” she said.

Shipbuilders Learn About Parking Options

During crew talks last week, shipbuilders reviewed pamphlets detailing parking and transportation options available at Newport News Shipbuilding.

View the pamphlet and the discussion guide on MyNNS. Photo by **Ashley Cowan**

AROUND THE YARD

NNS Restructures Submarine Programs

Newport News Shipbuilding President **Jennifer Boykin** announced the company has divided responsibility for submarine construction into two program offices. **Dave Bolcar** will retain responsibility as vice president of *Virginia*-Class Submarine Construction, and **Jason Ward** will become vice president of *Columbia*-Class Submarine Construction.

See the insert for more details.

MyHR Onboarding and Offboarding Modules Live

The Human Resources and Administration Division's new onboarding and offboarding modules in MyHR are live. This technology reduces the use of paper forms and expedites the hiring process. View the New User Reference Guide on MyNNS.

The Onboarding system enables hiring managers to connect with new hires even before their first day with a pre-day one engagement email. All new hire onboarding forms will be electronically filled out and signed without the hassle of coming onsite. View the Onboarding Reference Guide on MyNNS.

The offboarding module will allow managers to electronically initiate the termination process and complete the termination checklist. View the Offboarding Reference Guide on MyNNS.

Visit the MyHR website for more information. For questions, send an email to MyHR@hii-nns.com. For password and log-on questions, contact the IT Service Desk at 688-HELP.

Third Quarter Security Star Nominations Open

The Security Star Award is a quarterly recognition program designed to recognize employees for outstanding performance of security responsibilities at Newport News Shipbuilding. For more information about the program, visit the Security and Emergency Management website.

To nominate an employee for a third quarter Security Star Award, submit Form NN 9722 (located in Forms Viewer) by Aug. 31.

Contracts and Pricing Holds Annual All-Hands Meeting

More than 140 employees attended Contracts and Pricing's second annual all-hands meeting in June. Attendees reflected on last year's accomplishments and looked forward to the challenges and opportunities to come.

Christie Thomas, vice president of Contracts and Pricing, thanked all in attendance for their focused efforts,

contributions and dedication over the past year.

Other speakers included **Don Godwin**, vice president of Business Management and chief financial officer; **Dwayne Blake**, corporate vice president of Investor Relations; and **Heather Criner**, Facilities program manager. Godwin highlighted the many significant contract awards of the last year and thanked everyone for their hard work. Blake provided an overview of Huntington Ingalls Industries' investor strategy and community. Criner updated attendees on the company's initiatives to improve parking.

This was the largest group at NNS to participate in a Design Thinking Workshop. Design Thinking is a unique, interactive approach to problem solving and focuses on listening skills, empathy and out-of-the-box-thinking. The College of William & Mary provides a similar training activity for NNS leaders.

The meeting provided a great opportunity to share information and continue to strengthen the Contracts and Pricing team.

FOCUSNNS

Watch Focus NNS

The August edition of Focus NNS is available for viewing on MyNNS, the NNS to Go app and Newport News Shipbuilding's external website.

This edition features the rise of the new 315-metric-ton Goliath gantry crane, the ongoing work at NNS occupying all dry docks, and a shipbuilder turning a new page in her career.

Parking Updates

The parking lot located at 3212 Washington Ave., at the intersection with 33rd Street, has been converted to aqua decal parking.

In addition, the city of Newport News has modified street parking along 37th and 38th streets between Washington and Huntington avenues. On 37th Street, five two-hour parking spaces have been converted to unrestricted parking. On 38th Street, five 15-minute parking spaces have been converted into 10 unrestricted parking spaces.

Enterprise Rideshare Meeting

Shipbuilders are invited to attend an Enterprise Rideshare interest meeting from 4 until 5:30 p.m. on Aug. 28 in Bldg. 520-6 (Huntington Room). Email ParkingSolutions@hii-nns.com to RSVP.

DATEBOOK

AUGUST 23

WiSE will host Organizational Vision: Depth Before Height Leadercast featuring James Brown from 4:30 until 6 p.m. in VASCIC 2 West Dining Room. No charge will be provided.

AUGUST 23

The "Spear and Gear" Toastmasters Club will host a meeting from 4:30 to 5:30 p.m. at The Apprentice School (Bldg. 1919, Room 247). The event is open to all Newport News Shipbuilding employees and no RSVP is required. The event will provide a forum for employees to learn how to become more effective communicators and leaders. For more information, contact **Jason Paquette** (E83) at 534-2770.

AUGUST 24

NNS Spear & Gear, the online store featuring a wide variety of company-logoed apparel and products, will host a pop-up sale from 6:30 a.m. until 5 p.m. between the Modular Outfitting Facility (MOF) and the Supplemental Modular Outfitting Facility (SMOF). A number of products offered online will be available for purchase at the pop-up, which will also offer contests and giveaways. All items featured in the online store – which is open to the public and accessible at www.nnsSpearAndGear.com – are available for purchase 24/7 and ship for free.

AUGUST 28

"Teaching Kids Money" SmartPath classes will be offered from 6 to 6:45 a.m. in Bldg. 1744-6 (Operations Conference Room), noon to 1 p.m. in the old Apprentice School (Bldg. 14, third floor auditorium) and 4:30 to 5:30 p.m. in the VASCIC auditorium. Registration is required. Email BeWell@hii-co.com to register for your preferred class time or ask your foreman to register you. Text "CoachmeHII" to 555888 by Oct. 1 to talk to a SmartPath coach and get entered to win a YETI cooler.

AUGUST 29

Join WiSE, STRIDE and a special guest speaker in the Management Development Center (Bldg. 903-7) from 4 until 6 p.m. to learn about depression and how to help prevent suicide. Information about the Employee Assistance Program (EAP) will be available. The event will also support registration for the American Foundation for Suicide Prevention's Out of the Darkness Walks. Contact **Heather Smith** (O44) at 534-2448 or via email to RSVP or for more information.

AUGUST 30

Aramark Food Services is hiring first- and second-shift Newport News Shipbuilding employees to operate/cashier canteens throughout the shipyard. To apply, visit careers.aramark.com and search job No. 187260. Qualified associates will receive one free meal and be paid for one hour Monday-Friday for each meal period worked. Applications are accepted through Aug 30.

SEPTEMBER 6

L.E.A.R.N. will host an after-work presentation with **Matt Needy**, vice president of Operations, from 4:30 until 6 p.m. in the VASCIC auditorium. The event is open to all employees by reservation only. Sign up on the L.E.A.R.N. website. For questions, contact **Tanika Vasquez** (E08) at 688-7916, **Helen Dennie** (O28) at 380-4831 or email LEARN@hii-nns.com.

SEPTEMBER 8

Newport News Shipbuilding is partnering with Fear 2 Freedom, a global organization with a mission of helping to restore hope and dignity to survivors of sexual assault, for the United Way Day of Caring. Shipbuilders can volunteer to help assemble aftercare kits for survivors of sexual violence. The event is from 9 until 11 a.m. in the Warwick High School cafeteria. Sign up on the United Way website. For more information, contact **Michelle Styron** (X44) at 380-4860 or via email.

SEPTEMBER 28

The Apprentice Alumni Association will host the annual Apprentice Alumni Fall Golf Tournament at Sleepy Hole Golf Course. The cost is \$65 per golfer and includes: green fee, 18-hole cart fee, tournament prizes, food (chicken, barbecue, etc.) and unlimited range balls (one hour prior to start). Contact **Fred Peedle** (E51) at 688-6682 or visit www.nnapprentice.com/alumni/news.htm for more information.

OCTOBER 5

The In-Service Carrier Program will host its 15th Annual Aircraft Carrier Invitational Golf Tournament at Ford's Colony Country Club. The event is a four-man Captain's Choice format starting at 1 p.m. with registration beginning at 11 a.m. The cost of \$500 per team includes golf, driving range, welcome gifts and dinner. Proceeds from the event will benefit the USO. Contact **Bruce Roberts** (K69) at 380-4964 to register.

OCTOBER 20 & NOVEMBER 3

Newport News Shipbuilding is a sponsor of the Hampton Roads Heart Walk. The Peninsula walk is Oct. 20 at Peninsula Town Center in Hampton, and the Southside walk is Nov. 3 at Mount Trashmore in Virginia Beach. Register at www.HamptonRoadsHeartWalk.org or become an NNS team lead. For more information, visit the NNS Heart Walk website on MyNNS or contact **Amy McDonald** (X71) at 688-6489.

OCTOBER 27

Join fellow shipbuilders at the Leukemia & Lymphoma Society's Light The Night Walk from 5 until 9 p.m. at the MacArthur Center Green in Norfolk. The walk supports blood cancer treatment research that saves lives. To donate, visit pages.lightthenight.org/va/hroads18/huntingtoningallsindustries. For more information, contact **Eric Olsen** (X22) at 688-1868.

BUSINESS ETHICS SURVEY EXTENDED

Newport News Shipbuilding employees have the opportunity to participate in the 2018 business ethics survey through Friday, Aug. 24. Employees with computer access should have received a link to the survey in their inbox. Employees without computer access will be given a hard copy survey. All responses are confidential.

SEEKING SHIPBUILDERS

Visit www.buildyourcareer.com to search for the latest NNS job openings.

| Job Title | Req Number | Dept. | Location |
|---|------------|-------|--------------|
| Nuclear Procedure Writer Engineer 2 (Active Security Clearance) | 24607BR | E84 | Newport News |
| Cost Estimating Analyst 2 | 21263BR | O19 | Newport News |
| Software Business Analyst/Requirements Developer 3 | 24782BR | E44 | Newport News |
| IT Systems Engineer 3 | 25085BR | T56 | Newport News |
| Senior Systems Test Engineer | 22751BR | E84 | Newport News |
| Senior Financial Planning & Analyst | 23294BR | O72 | Newport News |

Employees are encouraged to use the "Current HII Employees" portal to apply. The company continues to offer cash bonus awards for referrals to select positions, visit www.huntingtoningalls.com/careers/refer-a-friend for more information.

Dear Shipbuilders:

As Newport News Shipbuilding's highest honor, the Model of Excellence Award recognizes and celebrates shipbuilders who consistently achieve extraordinary results.

It is with great pride that I present to you this year's President's Model of Excellence Award recipients. The individuals and teams listed on the following page are being recognized as the best of the best among their peers for performance in one of the following categories: Courage to Make a Difference; Customer Service; Innovative Excellence; Leadership; and Operational Excellence.

The work for which these men and women are being recognized serves as an example to all shipbuilders, including my senior leadership team and me, of what it means to lead the way forward. Their efforts are wide-ranging and diverse, and include everything from improving safety, communications and processes, to building stronger communities, and performing challenging, high-risk jobs while quietly and effectively transforming one process at a time.

These shipbuilders' unwavering commitment and engagement will continue to set new benchmarks for excellence, innovation and vision. Please join me in congratulating this year's MOE Award winners.

All the best,

A handwritten signature in black ink, appearing to read "Jennifer Boykin".

Newport News Shipbuilding
A Division of Huntington Ingalls Industries

**Newport News
Shipbuilding**

August 20, 2018

Dear Shipbuilders,

Today at Newport News Shipbuilding, our submarine programs are steadily growing and maturing in both volume and scope. The *Virginia*-class program is one of our largest programs, and the *Columbia*-class program, which is the Navy's No. 1 priority, has significantly increased in design, planning, material procurement, cost estimating, facility design, and early manufacturing. The increased scope of responsibility for these programs now requires full and dedicated leadership attention. To better support this, I am dividing the responsibility for submarine construction into two program offices to enable clear lines of accountability for strong performance.

Dave Bolcar, who currently serves as vice president of all submarine construction, will retain responsibility for the *Virginia*-class program, and will become vice president of *Virginia*-Class Submarine Construction.

Jason Ward is being promoted from director to vice president of *Columbia*-Class Submarine Construction. Jason has demonstrated experience in successfully leading operational, administrative, and technical programs in the government and commercial sectors. Before joining NNS in 2014, he held leadership positions with Geodesicx, a technology solutions company, and General Dynamics Electric Boat. He also served our nation in the U.S. Marine Corps. These experiences provided him with a broad understanding of leading an organization, to include human resources, quality, accounting, contracts, IT, security, and engineering.

Here at NNS, Jason has successfully led significant programs including our Integrated Digital Shipbuilding efforts, and AP1000 Shield Building Fabrication at Newport News Industrial. Since joining the *Columbia* program, he has garnered the respect of his NAVSEA and Electric Boat customers, and I am confident he will bring his diverse skill set and education into the overall leadership and responsibility of this critical program.

Jason and Dave will report to Ken Mahler, vice president of Navy Programs. These changes are effective immediately and reflect the significant growth and opportunities our submarine programs bring to the business. Thank you for your continued support of these leaders, and these critical programs.

Respectfully,

Jennifer Boykin
President
Newport News Shipbuilding
