Security Debuts Body Cams

Uniformed Newport News Shipbuilding Security officers now have a new tool to assist them as they patrol the shipyard – body cameras. The department introduced its first eight cameras in early August.

“This is a positive for our officers and for all shipbuilders,” said Lt. **Christopher Cook**, who is administrator of the body camera system. “There are a lot of benefits.”

The devices can act as a deterrent to aggressive encounters and help protect officers and other employees. They also provide an unbiased account of any event captured. In addition, the cameras can provide documentation of safety or security issues that officers encounter.

For instance, officers have been using the cameras at the North Yard to document traffic issues at the end of first shift. The footage will be used to help develop ideas to

improve parking and transportation at NNS.

Officers have several mounting options. The cameras must be activated by the officer to record events or encounters. Once recorded, videos can only be deleted by the system administrator and only at the approval of the chief of Security.

Cook said there are procedures in place to delete or safeguard any videos of incidents that may be recorded in sensitive areas of NNS.

Although there are only eight cameras currently in use, there are plans to expand that number as officers continue to test and become familiar with the equipment. “The officers who are wearing the cameras appreciate and understand how important they can be in helping them do their job,” Cook said.

Drones Simplify Roof Inspection

Flying high above the South Yard, Newport News Shipbuilding drones completed their first roof inspection within the shipyard gates on Aug. 21.

Facilities used the drones to inspect the roof of Bldg. 6. The team observed the footage taken by the drone's camera to determine the condition of the shingles. The outcome? A few missing and loose shingles that need to be replaced.

In the near future, the team plans to use drones to complete building and crane inspections across the yard. All shipyard drones are operated by drone pilots licensed by the Federal Aviation Administration.

Watch a highlights video of the roof inspection on MyNNS.

Representatives from national nonprofits, businesses and local community college and school division officials recently gathered at Newport News Shipbuilding.

NNS Educational Partnerships on Display

Career Pathways at Newport News Shipbuilding is a model for educational partnerships. That's why representatives from national nonprofits, businesses and local community college, and school division officials converged at NNS earlier this month to learn more about the shipyard's efforts.

The event, sponsored by **Rob Hogan**, vice president of Manufacturing and Material Distribution, included officials from the National Education Association, the National School Board Association...

Shipbuilders who recently completed the Digital Literacy course hold their certificates. Pictured in the front row is **Linwood Parrish**. Pictured in the middle row from left are **Linda Bruce**, **Patricia Emmons**, **Latitia McCane**, **Ivy Spivey** and **Emma Snell**. Pictured in the back row from left are **Brian Bruce**, **Reginald Foote**, **Deborah Winkfield**, **John Kitchens** and **Charles Spivey**.

Shipbuilders Bridging the "Digital Divide"

Newport News Shipbuilding is undergoing a digital transformation and moving away from the two-dimensional paper drawings that have been the company's primary method for conveying design data for more than a century.

Integrated Digital Shipbuilding (iDS) efforts to change the way ships are designed and built are creating a future where shipbuilders are constantly connected to a digital ecosystem of real-time accurate information. However, this transformation does not come without challenges. It exposes a "digital divide," or a gap in terms of access and usage of digital tools, especially between generations.

In an effort to bridge the "digital divide," iDS developed a Digital Literacy course. It focuses on everyday skills related to tablets, which are becoming more widespread throughout the waterfront to enable iDS efforts. The course supports the concept that digital skills development should receive the same level of attention as infrastructure development during the digital transformation.

Shipbuilders had an opportunity to sign up for the Digital Literacy course during iDS Open House events, where they could experience new digital tools and technologies. In June, the second Digital Literacy course was held – this time in conjunction with the United Steelworkers union (USW).

The course has been well received. "I came in with a pretty high confidence level in my skills. This, however, has reinforced what I knew and taught me what I didn't know. The course has allowed me to be more competent in my skills," said **Paul Elmore** (O15).

The next course will be held in the fall, also with USW support, using sign ups from the most recent iDS Open House event. For more information, contact **Marco Estrada** (O25) of the Change Management and Communications team at 534-4796.

Husband and Wife Lead SFA Safety Teams

A short conversation with Fitter **Ricardo Brown** and Welder **Pinky Brown** reveals the husband and wife duo's passion for safety and their coworkers at Newport News Shipbuilding.

Both Environmental Health and Safety Task Team leads in Structural Fabrication and Assembly, the Browns are responsible for two of the largest areas in the Manufacturing and Material Distribution Division and support more than 1,100 shipbuilders.

"As EH&S Safety Task Team leads, it's our job to promote a culture of safety at the shipyard and to be liaisons between our peers and management," said Pinky Brown. Her X10 South team, sponsored by Superintendent **Mike Simmons**, is responsible for *Virginia*-class submarine, carrier new construction (CVN) and overhaul work sites, including outside platen work.

Earlier this year, Ricardo Brown became the lead for the X10 North team, which is sponsored by Superintendent **Mark Weaver** and supports shop and outside platen work sites for the VCS and CVN programs. "I wanted to make a difference in the Ring Module Shop, where I work," said Ricardo Brown. "I wanted to change some of the conditions and try to help all of the craftsmen and craftswomen."

The Browns – who said they also take their passion for safety home – have a combined 13 years of experience at NNS and are grateful for the opportunity to lead and help improve safety for fellow shipbuilders. But soon, the two will leave their roles as EH&S Task Team leads when they start new jobs at NNS in September.

Pinky Brown will remain in SFA, while Ricardo Brown will move to the Non-Nuclear Inspection Department. The couple plans to continue making a positive impact on fellow

Pinky Brown and Ricardo Brown stand together outside of the Ring Module Shop. Photo by **Matt Hildreth**

shipbuilders. "We know that we're leaving our teams in a good place, and we wish them all the best," said Pinky Brown.

AROUND THE YARD

NAVSEA Security Evaluation Begins Sept. 10

Newport News Shipbuilding will undergo a NAVSEA 08 Security Evaluation Sept. 10-14. A team of representatives from NAVSEA Security and Naval Reactors will assess NNS' ability to process and safeguard classified and unclassified Naval Nuclear Propulsion Information (NNPI) in accordance with contractual requirements. The audit will include a comprehensive review of the Classified Information Systems, Cyber Security, Industrial Security and Physical Security programs. Learn more about NNS' Islands of Security on MyNNS.

For more information, contact **Steven Stern** (O15) at 688-0172.

Delaware (SSN 791) Ticket Information; Volunteers Needed

Newport News Shipbuilding will christen *Delaware* (SSN 791) on Saturday, Sept. 15. NNS employees can request up to two tickets to the ceremony on a first-come, first-served basis by completing the form at nns.huntingtoningalls.com/delaware-tickets. Please note the request does not guarantee tickets to the event. For questions regarding tickets, contact **Lena Wallace** (O29) at 380-2135. Shipbuilders in the *Virginia*-Class Submarine Program should request tickets by contacting **Tammie Morris** (X82) at 688-4860, via their supervisor.

Event volunteers are still needed to support the christening ceremony as ushers, site volunteers and parking attendants. Employees interested in volunteering should visit nns.huntingtoningalls.com/delaware-ssn-791-christening-volunteers. For questions regarding volunteers, contact **Kimberly Zayakosky** (O29) at 380-4460 for questions.

Breast Cancer Awareness T-shirts Available

Employee resource groups and The Apprentice School Student Association are joining forces to fight breast cancer. The groups are taking breast cancer awareness T-shirt orders from Aug. 27 until Sept. 7. Proceeds will support cancer research and help provide access to mammograms, information and services. See the flier for more information or contact **Paula Young** (O68) at 688-7634 or **Brenda Meekins** (O26) at 380-3239.

New Prescription Benefit

Prescription drug coverage for United Steelworkers and Newport News Shipbuilding firefighters and guards transitioned from Express Scripts to CVS/Caremark on July 1. New CVS insurance cards were mailed in June for the July 1, 2018–June 30, 2019 plan year. Shipbuilders who may have misplaced their new insurance card can access it from the CVS mobile app or call 1-844-287-1289 to request a replacement.

Under CVS/Caremark, employees can have prescriptions filled at any CVS Pharmacy or pharmacy in the CVS network. In addition, 90-day medications can be picked up at any CVS Pharmacy or mailed to your home. To find network pharmacies, refill medications online, check drug costs and more, create an account at www.caremark.com/startnow.

Bob Drury (E51) presents the Apprentice Alumni Association's donation to **Donna Tighe** of the Virginia Peninsula Foodbank.

Apprentice Alumni Association Supports Foodbank

The Apprentice Alumni Association collected donations for the Virginia Peninsula Foodbank during its Annual Crab Feast on July 20. Attendees donated 540 pounds of canned goods and \$350, which will provide 1,400 meals.

New Free Benefit For Parents Coming Soon

HII is launching a new free benefit designed to help parents access care for children of all ages. Starting Sept. 1, non-represented employees will have access to Rethink, a free online tool that provides video-based training, teleconsultations with behavior analysts and resources for parents. Rethink helps with autism, ADD/ADHD, Down syndrome, learning delays, behavioral issues and more. Plus, parents can give online access to their child's caregivers, doctors and teachers to better coordinate care. Look for more information in future editions of *Currents*.

NNS Educational Partnerships on Display

CONTINUED FROM PG 1

...the Association for Manufacturing Excellence, Thomas Nelson Community College, Newport News and Hampton schools and others.

Participants learned how NNS works with local school districts and how those partnerships are helping to create a pipeline of future shipbuilders. But NNS' efforts in the community have an even broader goal, according to Career Pathways Representative **Pierrette Swan**.

"We realize that not every student we reach will come to Newport News Shipbuilding to work, but we still want them to be successful, productive members of our community," she said. "We want our region to thrive."

Participants took a windshield tour of NNS and visited the Mobile Experience (MX) trailer to learn about Integrated Digital Shipbuilding (iDS) efforts.

Among the attendees was Seth Black, director of Career and Technical Education for the Academies of Hampton, an NNS partner. "It was a great opportunity to network and bring exposure to what we are doing," he said. "I also want to commend Career Pathways for their hard work and efforts. I was aware of their outreach, but I didn't realize the magnitude of all they do."

DATEBOOK

AUGUST 28

“Teaching Kids Money” SmartPath classes will be offered from 6 to 6:45 a.m. in Bldg. 1744-6 (Operations Conference Room), noon to 1 p.m. in the old Apprentice School (Bldg. 14, third floor auditorium) and 4:30 to 5:30 p.m. in the VASCIC auditorium. Registration is required. Email BeWell@hii-co.com to register for your preferred class time or ask your foreman to register you. Text “CoachmeHII” to 555888 by Oct. 1 to talk to a SmartPath coach and get entered to win a YETI cooler.

AUGUST 28

Shipbuilders are invited to attend an Enterprise Rideshare interest meeting from 4 until 5:30 p.m. in Bldg. 520-6 (Huntington Room). Email ParkingSolutions@hii-nns.com to RSVP.

AUGUST 29

Join WiSE, STRIDE and a special guest speaker in the Management Development Center (Bldg. 903-7) from 4 until 6 p.m. to learn about depression and how to help prevent suicide. Information about the Employee Assistance Program (EAP) will be available. The event will also support registration for the American Foundation for Suicide Prevention’s Out of the Darkness Walks. Contact **Heather Smith** (O44) at 534-2448 or via email to RSVP or for more information.

AUGUST 30

Aramark Food Services is hiring first- and second-shift Newport News Shipbuilding employees to operate/cashier canteens throughout the shipyard. To apply, visit careers.aramark.com and search job No. 187260. Qualified associates will receive one free meal and be paid for one hour Monday-Friday for each meal period worked. Applications are accepted through Aug 30.

SEPTEMBER 6

L.E.A.R.N. will host an after-work presentation with **Matt Needy**, vice president of Operations, from 4:30 until 6 p.m. in the VASCIC auditorium. The event is open to all employees by reservation only. Sign up on the L.E.A.R.N. website. For questions, contact **Tanika Vasquez** (E08) at 688-7916, **Helen Dennie** (O28) at 380-4831 or email LEARN@hii-nns.com.

SEPTEMBER 8

Newport News Shipbuilding is partnering with Fear 2 Freedom, a global organization with a mission of helping to restore hope and dignity to survivors of sexual assault, for the United Way Day of Caring. Shipbuilders can volunteer to help assemble aftercare kits for survivors of sexual violence. The event is from 9 until 11 a.m. in the Warwick High School cafeteria. Sign up on the United Way website. For more information, contact **Michelle Styron** (X44) at 380-4860 or via email.

SEPTEMBER 28

The Apprentice Alumni Association will host the annual Apprentice Alumni Fall Golf Tournament at Sleepy Hole Golf Course. The cost is \$65 per golfer and includes: green fee, 18-hole cart fee, tournament prizes, food (chicken, barbecue, etc.) and unlimited range balls (one hour prior to start). Contact **Fred Peedle** (E51) at 688-6682 or visit www.nnapprentice.com/alumni/news.htm for more information.

Shipbuilders Encouraged to Join Employee Resource Groups

Employee Resource Groups (ERGs) are employee-run, executive-sponsored networks that connect shipbuilders who share common interests and want to be more engaged with their colleagues and the company.

They provide:

- A platform to share ideas
- Personal and professional development opportunities
- Leadership and mentoring opportunities
- Opportunities to connect with the community through volunteerism

Newport News Shipbuilding’s ERGs host a variety of events throughout the year. ERGs and their activities are open to all employees and they play a key role in the company’s efforts to build a workforce that embraces diversity and inclusiveness.

Watch a video on MyNNS to learn more about the benefits of joining ERGs. To learn more, or to join an ERG, visit the ERG website on MyNNS.

MASTER SHIPBUILDER STORIES

Later this year, a Master Shipbuilder edition of *Currents* will be published. In preparation, the Communications Division is looking for Master Shipbuilder stories involving families (spouses, siblings, children, etc.). If you or someone you know would like to participate, please email Currents@hii-nns.com.

To Speak Up or Not To Speak Up

SAFETY
100% Accountability
0 Excuses

100/0

If not ME, WHO?
If not NOW, WHEN?

QUALITY

It may be uncomfortable to speak up when you see a fellow coworker or friend making a bad decision, however don't forget that their safety should be more important than any hurt feelings. Remember each of us has a responsibility to take action to ensure all of our fellow shipbuilders stay safe.
