I am very glad that I took the shot because now I feel protected. I feel that I am not exposing my family or my coworkers. I thought initially I would not take it. And I have to be honest about that. But I spoke with several friends who are medical practitioners.

They strongly encouraged me to get the vaccine and I trusted their knowledge. I very strongly recommend that people get the vaccine because it's important that we do our part as individuals.

And I will tell you that one of the medical practitioners that I spoke to was my brother. And my brother said to me, "Be first in line. A metal rod in your arm is temporary. Death is everlasting." So when he said that, it was all over for me.
